

2017 ASHRAE Summer Conference in
Long Beach (June 24th to June 28th)

ASHRAE REGION II LEADRS PROGRAM

The LeaDRS shadowing program is providing access to a deeper understanding of, the senior level leadership roles and responsibilities of ASHRAE Regional leaders. The DRC will be charged with allowing the participant to shadow him or her and introducing the participant to the Society Conferences, their inner workings including: Society/Committee structure, Board Meetings, ExComm, TCs/TGs, and social functions.

An important aspect of my experience was I connected with a few other women from the leaDRS program early on in the conference, which enhanced the experience and allowed me to meet and interact with their DRC's as well. It was a fantastic opportunity to talk about what was interesting as the conference progressed; what we found useful to us and would carry forward. Our discussions resulted in me attending some meetings I may have shied away from before. – Sharlene Innes, NB-IPE Chapter, LeaDRS participant, Saint Louis 2016.

ARE YOU THE NEXT LEADRS ?

“Being able to shadow our Region DRC, has been a wonderful experience. It really was an eye-opening experience for me. I was impress to see how ASHRAE really works behind the scene.”

Audrey Dupuis, Montréal Chapter, LeaDRS participant, Seattle 2014.

“I learned so much more about the Society and how it operates and, as I had hoped, I gained a renewed sense of desire to serve more and to give back to this great organization that has helped me so much in my career already. So thank you for giving me the opportunity to step out of my comfort zone, because this is where a person can truly grow and see what else is out there.”

Jeff Watson, London Chapter, LeaDRS participant, Chicago 2015.

The participant's travel expense and registration will be covered by the Region as an investment in the development of their future leadership !!!
