

**CRC 2021 VIRTUAL - debrief notes**

Some unofficial notes and comments based on discussion by those after the CRC so can be used for reference and improve future CRC's.

Discussion occurred after the Virtual GoTo Meeting on Friday Aug 20/2021.

Did achieved CRC goals = Yes

Social - Award and Trivia = good

And breaks up the awards presentations to make more enjoyable

Region 2 CRC unique in having awards presentation

Nice to recognize the chapters and members

Other regions have dropped them off

Good to keep the virtual event

Well done by Jeff to put together the Trivia questions

Basecamp was used and worked well

Workshops CRC and then having one-on-one

Sometimes hard to get people more engaged

Get more engagement with in person workshops

And need to ensure followup sessions by RVC's

Need to ensure attendees only do CRC and not other things

Maybe have cameras on by delegates and alternates

Could have delegate and alternate together in home chapters when virtual

“bubble” with 2 people

and may allow delegate and alternate to have side discussions

and may reduce distractions

If future Virtual CRC try to get more people to stay and participate

CRC similar setup the same as last year

Having RMCR and DRC put more effort into doing reports to the group

What is happening and important reports as representing the Region at Society

News of the Board; adhoc committee; progress on motions

A 5 to 10 minute report from each to show that well served

Technology worked good for virtual presentations

Regional Statistics spreadsheet is good

Workshop reports are good to have

Other CRC to not have

Keep as nice to hear what happened

Communication Committee done well

Nice to have 1 person responsible for followup and assemble

1 person presents helps with flow

and reduced time if switching back and forth between people

need some photos to put into Society reports

sessions started on time and ended on time

presentation with no audio was a problem

was a Youtube video and GoTo meeting had video but no audio

gave time for the streamlining sessions

other comments at other CRC

not aware of what are proposed

separating the size of the board and timing – should be separate from other reorganizing

missing 2 chapters during the motion discussion and votes

problem getting information for reports on time

for those new to Basecamp may need a training sessions

have presentations downloaded and saved from Basecamp before the meeting help to have items ready

would be best to get everyone or more involved in discussions

hard when virtual

maybe have cameras on – at least one per chapter

maybe have a workshops with Delegates and Alternates on motions

how to prepare; how to present; how to discuss; how to vote

RVCs for those that roll off to review with new RVC

Having the new RVC present is actually done by the previous RVC

CRC is a Team effort

At start of CRC have turn off mic and camera

but maybe better to turn on camera so can see some people

Region 2 is a close knit group and some have known people for many years

Comfortable with everyone

Suggest camera on by Delegates
